

JA NETWORK

ENGAGEMENT OPPORTUNITIES

Join a network with purpose

Building relationships. Creating opportunities. Shaping the future.

Australia and Japan share a deep and enduring relationship built on trade, investment, innovation, education, culture and people-to-people connections.

JA Network exists to take that relationship further.

Membership of JA Network is about more than attending events. It is about being part of a community where the right conversation can lead to a new partnership, the right introduction can open a new market, and the right relationship can create long-term impact.

We bring together businesses, government, universities, researchers, innovators, professionals and organisations from Australia and Japan to create meaningful connections and opportunities for collaboration.

Through our network and programs, members can access opportunities to:

CONNECT

Meet people and organisations across Australia and Japan.

COLLABORATE

Explore partnerships, knowledge exchange and business opportunities.

DISCOVER

Gain insights into emerging sectors, ideas and innovation.

GROW

Develop your organisation's Australia-Japan relationships and opportunities.

CONTRIBUTE

Help strengthen the long-term relationship between our two countries.

OUR FLAGSHIP PROGRAM

JASHIE

The Japan Australia Sports & Health Innovation Exchange is a long-term bilateral platform connecting the Australian and Japanese sport, health and innovation ecosystems.

It brings together startups, corporates, universities, sporting organisations, government and investors to create new opportunities for collaboration.

JASHIE focuses on:

Sports
management,
events and fan
experience

Healthcare,
wellness and
active lifestyle

Elite
performance
and training

Through delegations, innovation showcases, business matching, networking and other activities, JASHIE provides practical pathways for organisations to connect and collaborate across borders.

For businesses and organisations working in these sectors, JASHIE provides a platform to engage with one of the emerging areas of Australia–Japan collaboration.
